

ASSASSIN HAS PREPARING FOR AN INQUEST IN MARKED TEN PUBLICITY VICTIMS FEVER CUT-OFF CEMETERY AT MIDNIGHT

Revolutionist Society in New York Has Killed Number One.

New York, July 26.—Repeated efforts were made yesterday to induce the assassin of H. S. Tavashanjan, the millionaire rug dealer, who was shot in Union Square Monday afternoon, to name the men who are believed to be at the head of the secret society which ordered the assassination.

Although the prisoner insisted that he alone was responsible for the crime, it is known that the police expect to arrest a prominent Armenian. The arrest may be delayed a few days, so that the police here can co-operate with the authorities of Chicago, Boston and Providence in trying to capture all the leaders of the great society.

Ten Must Die. In the effort to fathom the motive for the murder of Tavashanjan the district attorney's office learned that the rug dealer was only one of ten wealthy Armenians in this city who were to be killed unless they contributed \$10,000 each to a demand made on them in the name of the "hunchback."

Tavashanjan was the first to die because he had used his influence to keep the other merchants threatened from contributing.

Five wealthy Armenians have given information to the district attorney regarding the blackmailing letters sent out by the organization which had threatened Tavashanjan with death unless he made liberal contributions.

Merchants and Police. All of the leading Armenian merchants in the city held a meeting yesterday and agreed to aid the police in reaching the headquarters of the blackmailing gang, but so great is the fear among the merchants that they begged that their names be not mentioned in connection with the case.

Samples of the blackmailing letters have been turned over to the authorities. These are marked by a roughly drawn figure of a woman in chains, with a dagger struck through her wrists. The Armenians declare that the leader of the blackmailing in this country is living in luxury in Providence, but that his wealth is nothing compared with that of the real leader of the blackmailing and murder schemes, who is said to travel about and have no settled residence in this country.

Regains Senses After Killing Two. New York, July 26.—Almost at the moment that his second victim breathed his last, Frank H. Warner last night awoke to consciousness and a realization of his tragic acts of yesterday.

Warner, formerly a prosperous hatter, shot and killed Esther C. Norling, who once had been his bookkeeper, and after a wild flight from the police fired a bullet into the back of his intimate friend, John C. Wilson, a wealthy hatter.

Wilson died at St. Vincent hospital last night and as the news of his death reached Bellevue hospital, where Warner is a prisoner, the latter regained his senses. Warner was knocked down and badly injured by the crowd that captured him and he had since been in a comatose state.

Police Commissioner Blinham today suspended three policemen who failed to arrest Warner after he had killed Miss Norling.

Use Kennedy's Laxative Cough Syrup. Contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by J. H. O'Reilly & Co.

Right Start Made at Last in Rich Mining Camp.

Orogrande, N. M., July 26.—The Jarilla Mining club though only in its infancy and as yet not perfectly organized, has started in to boost the district. The formation of the club and its purposes as expressed in the constitution and bylaws has done much to improve the outside world that they are a bunch of hustlers and intend to see that they are properly recognized.

The Monte Carlo company is to sink the deepest hole yet designed for the north end of the district. The shaft, which will be at least four by eight feet in the clear, is to go down to a depth of 500 feet to develop the ore exposed in the openings made on the surface. These openings show ore of great richness—assays, it is said, running \$100 a ton.

Working in Mines. A short time ago E. D. Baker, Frank Dawson, T. E. Rubey secured a bond and lease of the Shamrock mine and put some men to work cleaning out the main vertical shaft, which was down to a depth of 25 feet. The shaft at this point is in ore of good quality which comes mostly in sulphide, with some carbonate and assays 6 1/2 of copper and 36 of gold.

The By-Chance, operated by the Southwest Smelting and Refining Co., is making good headway. The shaft is down to a depth of 90 feet at which point some drifts have been driven about 50 feet in different directions out into the ore which is a sulphide in character. The vein is at least 25 feet in width and no fewer than having yet been encountered, and the ore assays from 6 percent to 19 percent copper and \$3 gold per ton.

Poured Oil on Self and Then Ignited It. Tucson, Ariz., July 26.—From Naco a telegram was received this morning stating that a woman who was thought to be Mrs. Homer Du Bois of Tucson, had committed suicide. The woman was going under the name of Martina Estaranoza, but was believed in Naco to be named Du Bois.

Because she was despondent and believed that she had lost the love of the man whom she regarded as her life, she poured kerosene on her clothing and, striking a match, ignited the saturated cloth. The horrible pain inflicted by the flames was evidently too much for her to bear, for she ran screaming from the house, trying to get aid in putting out the flames.

Twenty Chinamen Jailed at Tucson. Tucson, Ariz., July 26.—With twenty squealing, chattering Chinese, each one packing all of his earthly possessions on his back, United States Marshal Daniels ascended the court house steps in Tucson, having just left a "bus" which met him and his prisoners when they arrived from Nogales.

Old and young, all bending under heavy bundles of clothing, the captives trotted along at the heels of the marshal and were finally placed under lock and key in the county jail. The men who were taken to Tucson under guard were arrested in Nogales and Naco by the immigration authorities for endeavoring to enter Arizona illegally. The authorities have been picking them up one by one in the two cities and in the nearby country, for the past week or two, and holding them in custody until Marshal Daniels could appear on the scene and take them in charge.

Arizona Heiress Lost Her Husband. Denver, Colo., July 26.—Sole heiress to the fortune of her father, a wealthy mining man of Phoenix, Arizona, 17-year-old Ethlyn Combs has appealed to the police to help her locate Ar. Combs, her husband of three months.

Combs deserted her in Denver after an extended honeymoon, during which the couple took a long stage trip through Colorado, coming in by Lyons and down by way of Long's peak. All this in spite of the fact that she married a man who struck her father over the head with a beer bottle. In a dispute between the two the elder man was knocked down and forlorn Combs came to his house. His daughter said she would marry him anyway and did so, in spite of her father's protest, she says.

Art Combs, the groom, is the son of Hiram Combs of Boulder, according to his wife Mrs. Combs, who thinks that her husband has perhaps been drugged in some den of vice in the underworld and robbed of his money. He has \$180 on his person when he put on his best suit of clothes Tuesday morning, kissed her goodbye and started out to meet a friend. He had been drinking then, she said.

The couple were to go to a theater at night. Combs did not reappear and yesterday morning Mrs. Combs went to the police station to get help.

Santa Fe Rebuilding Yards at Mulvane and Other Points.

Mulvane, Kan., July 26.—In order to handle the heavy traffic which is soon to be run over the Helen cut-off at the Atchison, Topeka and Santa Fe railroad is preparing to alter the tracks and entire system of yards at Mulvane.

Material is now arriving for the improvements, which will consist of changing the course of the cutoff track from Augusta to Mulvane, which now comes into the town yards, so it will strike the main line at a point a half mile north of the city. The deep reverse curve which prevents heavy traffic over the line will be leveled and the track will be raised. It is the intention of the company to elevate the track from this point to the junction south of the yards, where the branch which runs to Wellington and Woodward joins the main line.

This is done, it is claimed, in order to level the entire track and to avoid both the business blocks of the city and the line from Augusta and the line from Wellington, which is a severe drawback to freight traffic.

Must Raise Entire City. It is said that the raising of the yards in the town will necessitate the business blocks of the city being elevated, and much comment is being made in Mulvane over the prospects of the change in the grade of the streets.

There is no definite date given by the officers of the Santa Fe as to when the road will be in shape for heavy traffic, but it is generally believed that the work will not be completed until the fall. The main line will be greatly relieved when this change is made as the heavy freight from Kansas City will be diverted at Florence to the Walnut Valley line to Augusta, when it will be carried through Mulvane to Wellington, and thence on to the main line again, when it will connect with the coast line at Belen N. M., thus avoiding the high mountains at Raton Pass and the Glorieta mountains, which have been a severe barrier to fast transit between the east and the western coast.

Officer Hurt While Saving Young Lady. Camp Mabry, Texas, July 26.—Lieutenant Charles E. Raines, of El Paso, personal aid to Colonel Henry Hutchings, First Texas Infantry, is in a critical condition in the division hospital as a result of injuries received in an accident at 10 o'clock last night, by being thrown from his horse against a telephone pole while attempting to catch a runaway horse ridden by Miss Hazy Oatman, of Leander, Texas, whom he was accompanying. Miss Oatman was also hurt.

In an effort to seize the bridle of the frightened horse ridden by the young woman, Lieutenant Raines' horse forced him to collide with a telephone pole, throwing him forcibly against it.

He was unconscious when picked up and carried to the division hospital.

Four of New York's Celebrated Society Women Who Are Dazzling Newport With Clothes This Summer. MRS. C. VAN DERBILT, JR.

Dinner gowns \$3,000 Ball gowns 4,000 Evening and carriage wraps 1,500 Automobile costumes 1,500 Negligees 800 Morning gowns, shirtwaists and informal frocks 1,500 Lingerie 1,500 Hats and veils 600 Riding habits, boots, gloves 400 Shoes and slippers 400; hosiery 250 Fans, lace, small jewels 1,500 Gloves, \$2.50; handkerchiefs 500 Cleaners' bills 500 Total \$19,000

Then there are the monkey dinners, with vaudeville performances by specially imported troupes, in theaters built on the lawn for one night; and there is a \$10-a-plate banquet for 200 guests, the ball that follows, and a costly lunch about daylight.

Figure it up and see what such a recherche blowout as this will cost. It could tear a mighty hole in \$15,000.

Woman's Body Exhumed For Purpose of Holding Investigation.

Aspen, Colo., July 26.—The body of Mrs. May Drew Taylor, the 20-year-old wife of John L. Taylor, coal miner and ex-prize fighter of Coal Basin, who was either murdered or committed suicide last Friday at that camp, was exhumed in the cemetery here last night by Coroner Saunders, who held an inquest in the graveyard.

An examination of the remains was made by Drs. Guthrie and Juddkins, and the body was viewed by the members of the coroner's jury. County Judge Roberts, who represented the people and Judge Thomas A. Rucker, who was present for Taylor, his client.

The jury returned a verdict that Mrs. Taylor came to her death by a gunshot wound in the head and that the name of the party who fired the revolver is unknown to the jury.

Non-Committal Verdict. This is a noncommittal verdict, but the various members of the jury, together with Undertaker Demariat, who prepared the body for burial, believe Mrs. Taylor killed herself.

They say that discharging a revolver with the muzzle in Mrs. Taylor's mouth caused the laceration and tearing of the lips at either side and that the kicking of the weapon upward to cut her two front upper teeth. The fact that Mrs. Taylor placed the muzzle of the gun in her mouth also explains the members of the jury hold why her powder burns were found on the face.

Murder Theory. Sheriff Begley, whose wife was a half sister of Mrs. Taylor, does not take such a charitable view of the case as did the coroner's jury. He declares that Taylor and his wife did not get along together happily and that she frequently received rough treatment at his hands. Sheriff Begley holds that the absence of powder burns, the lacerated condition of Mrs. Taylor's lips and the dislodging of her front teeth all indicate the person who fired the gun with which the woman was killed stood some distance from her at the time the tragedy was enacted.

Numerous bruises and black and blue marks were found on Mrs. Taylor's body, mute evidences, it is said, of the stormy domestic life the couple led.

No Fear of Mob. Taylor has been released from jail on \$700 bond, his sureties being A. B. Johnson, Robert Johnson and Jennie Adair. The sensational story in connection with Taylor's arrest that there was danger of his being lynched, is pronounced a rank fake by the authorities. Taylor is stopping with his sister here and is walking about town like any other person. He insists his wife killed herself after a family quarrel, and his intimate friends believe he is telling the truth.

Taylor has brought his 2-year-old son to Aspen and the child will be cared for by his aunt.

SHORT TALKS BY L. T. COOPER. BACKACHE.

I can sympathize with a sufferer from this awful symptom of weak kidneys.

MR. P. LEONARD.

That soreness and pain in the small of the back tells too plainly of serious trouble behind it. It's not a hot water bottle or a plaster you need. That won't cure diseased kidneys. It may relieve you for a time it's true but why mask the real cause and allow the trouble to grow? Don't do it. Weak kidneys can be cured but Bright's disease, which always follows neglect of them cannot. Go and get a bottle of Cooper's New Discovery and Cooper's Quick Relief and use them faithfully. Your backache will disappear because your kidney trouble is corrected—not for a day but for good. When your kidneys are in "ship-shape" there will be nothing more to cause it.

Here's a letter from a man who suffered for years in this way and took my advice: "I have been in such bad health for some years that I finally had to give up work. I suffered from kidney trouble. My back was so sore and lame that I could scarcely get up and down. My stomach was also out of order and my nervous system broken down. I have been using the Cooper medicines for one week and actually feel like a new man. My food digests perfectly. The soreness and pain has entirely gone from my back and my kidneys are in fine shape. The medicine has strengthened me wonderfully and I cheerfully give you this testimonial for publication." Mr. P. Leonard, 49 School St., Allegheny, Pa.

We have heard a number of favorable comments on the Cooper preparations from people who have purchased them from us.

YOUR "SMART" LADY AL GAY NEWPORT PUTS PABACK \$9,000 ON HER CLOTHES ALONE IN SUMMER "SEASON" OF THREE MONTHS

Newport, R. I., July 26.—Gay Newport is today at the height of its season, the brilliant summer season when for three months it is the scene of the most brilliant social doings ever seen on the American continent—a time when it is the most costly city in this country in which to live, and when fabulous sums are burnt up in a night by pleasure-loving, amusement-seeking millionaires.

A thousand dollars a night for flowers and music, \$300 for cotton favors—these are mere bagatelles. In the first place, the person who would live in Newport must rent a house—a "cottage," it is called, but in reality it is a palace—and the rent for that will cost him from \$3,000 to \$15,000 for three little old hot months!
